THE MAYSVILLE MAN

Is Generally There, or Thereabouts, When It Comes to A Show-Down

If the feature is such as to attract the world's attention, he is a conflagration that wipes out a city, or an earthquake or tidal wave that engulfs a whole community, The Man from Maysville is always on the spot, and generally one of the central figures in the big three ring affair.

This time it is Dr. Harry Pengburn, son of the late Dr. Samuel Pengburn, and a graduate of the High School in this city, now a practicing physician in Acapulco, a coast city in Old Mexico.

THE LEDGER is permitted to take an excerpt from a letter received in this city giving an account of an exciting and strenuous experience he went through on the night of April 14th.

"He was in bed when the quake began, but cut and ran for the Plaza, clad in pajamas, one hundred feet of the way was through felling walls. When the shock was over he returned to his boarding house to find the upper story on fire from an overturned lamp, and after fighting the fire and extinguishing the blaze, further surprises still awaited him.

"The tidal wave following the shock put eleven inches of water on the floors of his office rooms at La Dicha, and between the quake and the inundation were entirely ruined, he congratulates himself, however, in escaping with his life.

"The tidal wave was six feet higher than the regular tide, and really did more damage than quake. The populace are still sleeping in the patio—if you know what that is—although there has been no more shocks."

The Doctor is employed by the La Dicha and Pacific Railway Company, and looks after the health of six hundred of its employees, who are engaged in extending the line of the road. His friends in Maysville, his old home, are glad to learn that he is prospering and contented in his far off Mexican location.

THE great trouble with the Democratic party is that nothing seems to please it and it don't know just what it wants, outside of the offices.

AS BILLY BRYAN had a finger in the making of Oklahoma's new "constitution," that fact probably accounts for the mixed-up condition of the populist document.

AT the Jamestown Exposition when the Kentucky Building was pointed out to President ROOSEVELT, he said—

"Dee-lighted! Kentucky has a reproduction of the Daniel Boone fort as her state building. What a happy idea! The buildings were pointed out to me this morning; a happy idea indeed."

ONLY about \$20,000 of the \$40,000 fund wanted by the Jamestown Commission has been subscribed thus far. Several of the counties in the state fell notably behind in raising the amount allotted to them, Kenton county not subscribing half the sum required.

WILLIAM RANDOLPH HEARST declares that he is not a candidate for President, and fifteen million American voters rise up and second the motion. Hearstism is several degrees to the bad of Bryanism and is first cousin to Herrmostism. Mr. HEARST also states that at present he stands on a mighty eminence in politics all by himself, and further announces—

"I would have been a Democrat in JEFFERSON'S day and a Republican in LINCOLN'S day, but whether I can properly be classified as a Democrat in the present day is a matter which I admit is subject to legitimate doubt."

Just what he is at present no one will have the sagacity or the temerity to guess.

THE history of every depression in this country and in England conclusively establishes that lack of basic money was at the bottom of the difficulty. The talk of over-production is twaddle. The world has never yet produced more than its inhabitants can consume, and when it happens that the producer turns out more products than he can sell it will always be found that there is an obstacle in the way of the consumer getting the things produced and that he does not refrain from taking them because he does not need or is unable to use them.

HERE'S a queer divorce decree and ought to be declared "unconstitutional." The Supreme Court of New York has confirmed the report of the referee in the case of the application of Mrs. EMMA EAMES-STORY, for an absolute divorce from her husband, JULIAN STORY. An interlocutory decree has been granted by which Mrs. STORY is given the right to resume her maiden name and to remarry if she so desires. But what JULIAN got is another story. He is forbidden to remarry during the lifetime of Mrs. STORY. The gentleman was not dealt a square deal, and it looks like he is the victim of "class legislation" of the rankest sort. Divorce Courts should play no favorites, and if divorcees wish to again purchase a matrimonial lottery ticket—let Mr. and Mrs. GALLIGER go.

WARDING OFF A CATASTROPHE

A fat woman entered a crowded street car and, seizing a strap, stood directly in front of a man seated in the corner. As the car started she lunged against his newspaper and at the same time trod heavily on his toes.

As soon as he could extricate himself he rose and offered her his seat.

"You are very kind, sir," she said, panting for breath. "Not at all, madam," he replied. "It's not kindness; it's simply self-defense."

SHORT TALKS BY L. T. COOPER.

"HOW TO KEEP HEALTHY."

"I am not a believer in too much medicine. Don't take medicine all the time.

Get a good tonic and take it until the old vitality returns then stop. A general tonic and system renovator should be taken in the spring and fall. For this purpose there is nothing better on earth than Cooper's New Discovery, but I advise no one to take this medicine or any other all year long.

Give nature a chance. Establish regularity in movement of the bowels. Drink plenty of water but not at meal time. Chew your food very carefully and eat slowly. Sleep with the window open, don't be afraid of fresh air and do not eat a great deal of grease. Be regular at meals. Go to bed and get up at the same hour each day if possible. Take a bottle of Cooper's New Discovery twice a year and your life should be long and healthy.

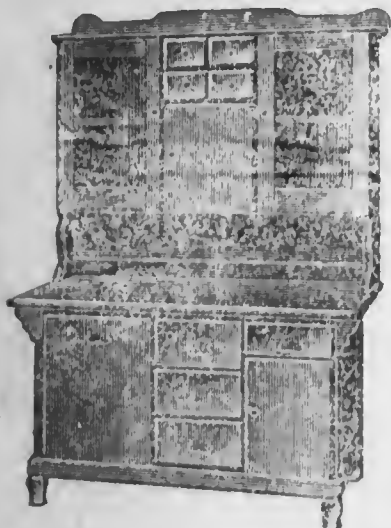

Here is what Cooper's New Discovery does for run-down people who need a tonic: "I have been sick for a number of years with stomach trouble and also from back aches and headaches. Sometimes I became so weak I could not stand on my feet. My food did not seem to nourish me and I could not gain strength. I felt tired to death all the time. Nothing I took helped me, and hearing so much of the Cooper medicines I decided to try them."

"I have taken two bottles of Cooper's New Discovery with the most remarkable results. I now feel entirely well. My appetite is fine, I sleep well, have no more headaches and am quite strong again. I cannot express my thanks for what these medicines have done." Sallie Middleton, 1957 Central Avenue, Cincinnati, Ohio.

Ask us about these medicines.—We sell them.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

QUART BOTTLE

In the Corner Stone—Queer Things Used in Dedicating School Building

It is stated that in demolishing the ruins of the school building recently burned at Paris a handle of papers and a bottle of whisky were found in the corner stone.

Among the papers was a list of school teachers employed in September, 1889, the school board, the city and county officers and members of the fire department.

The papers will be placed under the corner stone of the new building with others of current date, but it is not stated what was done with the bottle of whisky.

It's dollars to doughnuts it doesn't go into the new corner stone with the papers.
